❖ **Additional Financial Expectations**

- As is the practice for most independent schools, MMS annually sets tuition at approximately 85% of what it actually costs to educate each student for that year. Tuition is intentionally established at this lower rate in order to make a MMS education more financially accessible to a greater number of families.
- It is essential that each family help to make up the 15% gap between tuition charged and actual cost through participating in annual school-sanctioned fundraising drives.
- If you are able to participate in only one school fundraiser, we ask that you make the Annual Giving Campaign your top priority. All contributions are tax-deductible.
- Tuition can be expected to increase by 3% to 5% annually.

Tuition Refund Plan Policy

The Tuition Refund Plan is important for Mount Madonna School and its families. MMS requires full payment for the academic year and will make no adjustment of fees for absences, withdrawal or dismissal. Therefore, we are pleased to be able to help protect the families' financial investment with the Tuition Refund Plan.

The Tuition Refund Plan, offered by A.W.G. Dewar's, provides an allowance of tuition fees in the event of withdrawal of a student for medical causes, any other reason, or dismissal by the School. The cost is 2.2% of the annual tuition charges for the 2012-13 school year. Parents or guardians who do not pay the total annual fees by August 31, 2012 (either through one or two payments) must participate in the Tuition Refund Plan or present evidence of having secured comparable insurance coverage elsewhere. Participation is optional but recommended for those who pay the total annual charge by August 31, 2012.

Financial Assistance

Mount Madonna School is committed to maintaining economic diversity within our community of families. The Bernice Arnold Scholarship Endowment and other special donations are allocated for Financial Assistance. Awards are based on each family's economic needs and must be applied for each year using the NAIS School and Student Service for Financial Aid (www.nais.org). Approximately 25% of the student body receives financial assistance. If you are questioning whether you can afford Mount Madonna School, we encourage you to apply for financial assistance and speak with us about possible ways to make an MMS education affordable for your family. Families will be considered for financial assistance after they have been offered admission to the school – and are encouraged to complete the financial aid application process by the admission deadline in order to expedite processing of the financial request.

Financial assistance letters are sent to admitted students in March. If you apply for enrollment and are admitted later than March you can still apply for financial assistance. The Financial Aid Committee continues to award aid as long as there are funds available. For assistance or answers to questions, please call 408-847-2717 and ask to speak with Eric Forbes (ext. 231), Jivanti Rutansky (ext. 273) or Supriya McDonald (ext. 434).

2. Is it too expensive?

- There are many forms of financial assistance available. Over 1/3 of our families receive some form of tuition assistance.

3. Is the school accredited?

Yes. Mount Madonna School is fully accredited through both of the premier accrediting bodies for independent schools, Western Association of Schools and Colleges (WASC) and California Association of Independent Schools (CAIS).

4. Is it too far away?

No, it's worth the commute. Transportation is available, and the location sets Mount Madonna School apart with its exquisite 355 acre mountaintop environment overlooking Monterey Bay.

- Transportation service is available from Gilroy, Morgan Hill, Watsonville, Corralitos, Aptos, Soquel and Santa Cruz.
- Many families carpool.
- The location contributes to a peaceful, natural and safe learning environment.

5. Does the school have a religious affiliation?

No. Mount Madonna School is an independent, non-sectarian school. We believe in embracing all faiths and traditions. Just as we work to support intellectual, emotional, and physical development, we also encourage students to develop their own spiritual awareness. This is part of upholding and educating toward a culture of respect for oneself and others.

Mount Madonna School is hosted by Mount Madonna Center, a community founded on the principles of yoga and dedicated to non-harming, self-development and service to society. The values of the Center and the beauty of the natural environment provide a supportive and inspirational context in which our learning community thrives. Excellence in education is achieved most readily when high academic standards and enthusiasm for learning are both present in the school environment. We are dedicated to nurturing our students' natural curiosity and passion for learning.

6. Where do students go after graduating from MMS?

The majority of our students are accepted to excellent four-year public and private colleges and universities, including the University of California schools, Stanford, Harvard, Princeton, MIT, among others. Some graduates choose to travel or work prior to pursuing higher education and their MMS education prepares them to navigate life's adventures with confidence.

7. What are the expectations for parents at the school?

Parents are considered one of our most important resources in providing an exceptional learning community at Mount Madonna School. We know that when teachers, administrators and parents work together they greatly influence the success of children's education.

- Parents are expected to participate in curricular and extra-curricular activities such as performances, sporting events, field trips and class projects.
- Like most private schools, tuition covers about 85% of the actual cost of education and the additional 15% comes from our fundraising efforts. We count on parents taking an active role to "bridge the gap" between tuition charged and the cost of education at Mount Madonna School.
- Mount Madonna School is strongly committed to the values of respect, community and service. We expect all families to support these values and model them for all of the children.

Welcome

Welcome

Dear Prospective Family,

What kind of school do you want for your children and your family?

In today's busy world, many families are seeking a place where children will be supported in learning and growing and where they will be recognized for their unique gifts. Mount Madonna School is a community of learners. We support our students to become caring, self-aware and articulate critical thinkers, who are prepared to meet challenges with perseverance, creativity and integrity. We believe that a meaningful life is characterized by personal achievement and the ability to work effectively with others in service to society.

As you read through the enclosed materials, come to tour the campus, and meet our faculty and students, we hope you will begin to envision your place here at MMS.

When current parents tell us why they chose MMS, they often refer to the community, the natural environment and our graduates.

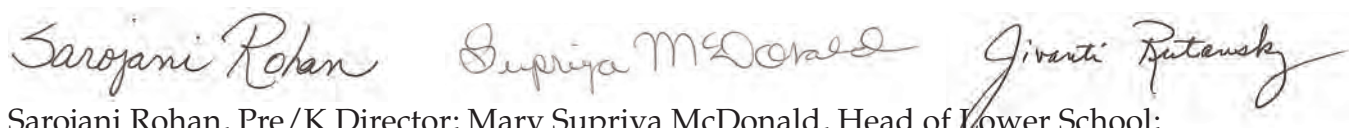

Community: Since its inception more than 30 years ago, MMS has grown and thrived through a web of meaningful relationships. Parents, students, faculty and staff work together to be deeply respectful and caring. We are a small school where every person is known, and every person counts.

Environment: Our mountaintop campus is 355 acres of meadow and woodland – parents describe it as a haven where children and families can slow down and appreciate the wonders of our natural world. While it is less convenient than a school down the street, this setting not only contributes to the safety and peace that are essential to the learning that occurs here, but it also provides opportunities for hands-on outdoor education.

Graduates: Many parents have said the qualities they see in our juniors, seniors and graduates convinced them to choose MMS. These young adults know and respect themselves and they care deeply about others and the larger world. Our graduates are committed to being successful in ways that are meaningful and sustainable – making lasting contributions in science, medicine, law, business, education and the arts. They are articulate, gracious, thoughtful and caring human beings.

It is difficult to choose a school. As you look at your options, which one calls to you? Where do you see your child truly flourishing? Where do you see your family being nourished and supported? We hope you will consider Mount Madonna School the right choice for your child and your family.

Warmly,

Sarojani Rohan, Pre/K Director; Mary Supriya McDonald, Head of Lower School;
Jivanti Rutansky, Head of Upper School
