

Mount Madonna Middle School Supply List 2023-2024 – 7th Grade

Required - Personal portable computer and charger (Chromebook/laptop): Teachers often ask students to use computers for in class work. While the school has a limited number of computers that students can check out for part of the day, it is expected that students have access to their own personal computer. See the *Upper School Laptop Recommendations* document for more information and suggestions.

NOTE: students are not allowed to use personal technology of any kind during the day without permission and guidance from a teacher (in other words, we make an effort to ensure any device the students bring is not used for gaming or social media during break times).

Backpack: We do not provide personal lockers for every student. There are cubbies and hooks upon which backpacks should be stored each day. The students should carry binders, workbooks, and supplies in their packs; for this reason, most students prefer a wheeled backpack they can tow rather than carry.

GENERAL SUPPLIES (6TH-8TH GRADES): These items plus the laptop should be brought to school each day.

- Medium 3-ring Binder (1 1/2- 2 inch) with pocket folders (5 pockets)
- College Ruled loose leaf paper to fit binder
- Preferred writing implements including both pens and pencils, and pens with black ink
- Personal set of colored pencils and colored ink markers (see additional items listed below for Art supplies)
- Pencil pouch (multiple - for pens/pencils, colored markers and pencils)

- Throughout the year, the students may need or want supplies such as poster boards, science project items, and art supplies for projects of their own design.

English 7/8:

- It is highly recommended that each student has a separate binder dedicated to English class. In this binder are stored multitudes of handouts as well as student work. 1" size should work.

SUPPLIES (7th ONLY):

- **2 lined composition books** (not spiral bound), 100 pages each (for Math/Science). 7th grade students who have a math notebook from last year do not need to purchase, and can continue to use the same one. However, students do need a new science notebook for 7th grade.
- **Spanish workbook** used in 6th Spanish will continue to be used for this course. New students will receive a workbook first week of class.

Additional Information on Supply Costs and Needs

Some programs will source supplies in bulk; the costs are part of tuition for 2023-2024.

A student planner will be provided to all middle school students in the first week of school.

Throughout the year, the students may need or want supplies such as posterboards, science project items, and art supplies for projects of their own design. In addition, families will be asked to contribute a costume for the Middle School production. Requirements for this are announced immediately following casting of the play. 8th Grade families should expect fairly extensive costume requests.

The **Middle School camping trip** occurs during the first week of school, from **Monday August 28 to Thursday, August, 31**. All middle school students begin the trip together, and the 8th grade may separate on the second day for a backcountry hiking and camping experience, dependent upon available facilities at the time of the trip. There will be more information and a packing/supply list for this trip sent to families later in the summer. **An informational meeting will be held on August 22** at the Upper Campus, open to all middle school families and students. That meeting is particularly important for incoming 6th graders and other middle school students/families who have not participated in our middle school camping trip.

7th Grade Math - Complete a **minimum of 8 hours of math** on i-ready.com (login: Firstname.Lastname; password: MiddleSchool!). Once you are logged in, you will see assignments on the left side of the screen and "My Path" on the right side of the screen. First, complete all assignments. Then, work on My Path for the remaining time you have left. Try to complete 1 hour per week rather than saving all 8 hours for the end of the summer. This summer math homework is required and will be graded for credit at the beginning of the 2023-2024 school year. If you run into any problems accessing i-Ready, please contact Nicole Tervalon (nicole.tervalon@mountmadonnaschool.org). New students will need to take the i-ready diagnostic before beginning the summer math homework. Please contact Nicole Tervalon to schedule.

7th Grade English - Please choose between the following 2 novels to enjoy: 1. *Ana of California* by Andi Teran OR 2. *Island of the Blue Dolphins* by Scott O'Dell. Performing Arts -

Song Share begins first week of classes. All participate. Choose a section of a song (no more than 90 seconds) that you like and are capable to share. Avoid lyrics with profanity, put-downs of cultural, gender, ethnic or religious group, or that contain explicit sexual descriptions, or violent images. This is not about who sings well or who feels they do not. Nor is it a preliminary audition for the winter shows. Instead, the purpose is to establish a bond between the members of group by taking a personal risk. Singing can be a vulnerable experience. If the adventure sounds ominous, hang in there; it actually is very liberating. We appreciate for new and for returning students (as well as teachers who also participate), the experience creates a few butterflies. Yet, in the end, everyone survives. On the field trips that start our year, new students should talk with their classmates about song share. They will see that everyone is in the same boat. Once song share begins, let the veteran students go first and see how the room responds to one another while we sing. It may sound scary, but it is a "good" scary. It's not like crossing the freeway blindfolded...

Song Share recommendations:

1. The selection can be short, even a minute is fine- 2 verses + chorus.
2. Pick a song you like, in your vocal range that does not jump too high or low.
3. Avoid "Happy Birthday", "Twinkle Twinkle" or "Star Spangled Banner"- If you think the song is silly or inconsequential, it will be hard to present it fully.
4. Songs that are rhythmic or percussive (Rap) are okay, but make sure lyrics are appropriate.
5. As for accompaniment, some students have played guitar or piano while singing. Most, if not all, sing a cappella. Again, the experience is built around singing. Regarding duets, it is better to sing alone.
